

PVLINE

We shape the future

Logistics Center Regensburg

Capacity in kWp	444 kWp
Year of construction	2011
Number of included buildings	1
Specific yield (kWh/kWp)	
Number of modules	2.404
Number of Inverters	24
Incl. Transformer station	Yes

PVLINE

We shape the future

Logistics Center Knuellwald

Capacity in kWp	893,28 kWp
Year of construction	2012
Number of included buildings	1
Specific yield (kWh/kWp)	
Number of modules	3.722
Number of Inverters	44
Incl. Transformer station	Yes

PVLINE

We shape the future

Solarpark Arzberg

Capacity in kWp	1.992 kWp
Year of construction	2010 + 2011
Number of included buildings	8
Specific yield (kWh/kWp)	
Number of modules	10.780
Number of Inverters	127
Incl. Transformer station	Yes

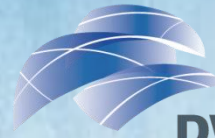

PVLINE

We shape the future

Solarpark Hohenberg

Capacity in kWp	945 kWp
Year of construction	2011
Number of included buildings	9
Specific yield (kWh/kWp)	
Number of modules	5.002
Number of Inverters	60
Incl. Transformer station	Yes

PVLIN

We shape the future

Solarpark Markt Bibart

Capacity in kWp	984 kWp
Year of construction	2011
Number of included buildings	5
Specific yield (kWh/kWp)	
Number of modules	5.184
Number of Inverters	60
Incl. Transformer station	Yes

PVLIN

We shape the future

Solarpark Berglern

Capacity in kWp	1.497 kWp
Year of construction	2012
Number of included buildings	
Specific yield (kWh/kWp)	
Number of modules	6.240
Number of Inverters	78
Incl. Transformer station	Yes
